

# EXHIBIT A

1 Q. When you say "on one of the days," what do you --  
2 what do you mean by that? Do you not -- is it only certain  
3 days where you're taking the medicine or is it every day?

4 A. There is -- if I took the medicine every single  
5 day, it would put me in the grave. It is -- it is  
6 excruciatingly painful. My body can -- I do it three or  
7 four times a week. If I were to increase that amount and I  
8 have sometimes because it doesn't work, it -- it -- I can't.  
9 It knocks you out. It's like getting hit in the face by  
10 Mike Tyson.

11 So what was the question? I lost my train of  
12 thought?

13 Q. I think you answered it.

14 So in terms of taking it three or four times a  
15 week, are there certain days that you always take it on,  
16 like day of the week, like you always take it on a Monday,  
17 for example, or is it --

18 A. There are days I try to --

19 Q. What are those days?

20 A. Currently?

21 Q. Yes.

22 A. It depends. So this is variable. So again, it's  
23 all -- I have to plan, so if I have to go fly somewhere,  
24 it's going to change. But right now, this week, Monday,  
25 Wednesday, Friday, which is why we're here on a Thursday.

1 work and be number one and be the dude that built this  
2 business to 64 million and dominated everybody. Let's just  
3 be real clear. I wanted to be back in the office.

4 I was working on a schedule. I hired somebody to  
5 help me get that done so that I wouldn't waste time dealing  
6 with a bunch of people who weren't present so that I could  
7 continue to crush everybody as it relates to production.  
8 What don't you understand? This is insulting questions.

9 Q. So that wasn't answering my question. My question  
10 was the -- your team in El Segundo --

11 A. I -- I answered the question I thought you asked.

12 Q. Okay. So your team members in El Segundo, were  
13 they coming back into the office voluntarily before the --

14 A. Based on that answer, I hope you would -- I hope  
15 the obvious. I hope that you would be able to incinu -- or  
16 I don't know what the right verb -- I'm not being very  
17 eloquent right now. But yes, they were going back in.

18 Q. Thank you.

19 A. You're welcome.

20 Q. And I don't think I actually asked this question  
21 for John Templeton, but did you hear any negative comments  
22 from him regarding your medical condition or your reasonable  
23 -- or your accommodation request after you made the request?

24 A. I think John -- again, John is a yes man, and  
25 he's, you know, he's figured out, you know, how to cater to
